

# AXA Equitable term series

## Changes to our Term portfolio

Please note that we are making the following changes to our Term Series.

### **In mid-January 2010, we plan to adjust our level term rates:**

- Some female premiums will be lowered
- Small increases will be made to some male rates on the 15 and 20 year series

### **We are also raising the minimum face amount from \$500,000 to \$1,000,000:**

- Effectively immediately, term quote engines will be revised to reflect the new \$1,000,000 minimum
- In order to ease the transition for business already in process, we will be flexible about continuing to accept applications under the new minimum until the rate changes go into effect in January 2010

Both of these changes will allow us to maintain highly competitive term rates and continue to achieve our goal of delivering exceptional service.
